

Dear Parents:

Due to COVID, our venue has implemented the following safety measures for the sake of all participants and spectators:

- Temperature checks will be required upon entering the venue.
- Sanitizer stations will be available and will be required for athletes to use at numerous times while backstage.
- Seating will be distanced within the auditorium to separate families as well as the athletes backstage between other classes.
- Masks will be required for all athletes, coaches, and spectators while entering or leaving the premises (athletes are allowed to take their mask off while performing).

Finally, our venue has asked that we gather information from all participants and spectators. Please fill out the information below for all athletes, family members, or friends that will be in attendance (please ask coaching staff for additional sheets if needed):

Athlete:	
1 st Family Member/Friend:	Phone:
